security inspired by innovation

SL600 Series StopLok

Provides instant security for double loop commodity hooks

We understand retail security and the demands of retailing. That's why our brand DNA is the nucleus of every product we develop.

- InVue secure fixture products are the most cost-effective, item level security solution available for retail
- Patented magnetic key system provides the highest level of key security
- The StopLok instantly turns a commodity hook into a locking security hook
- Designed to work with double loop commodity hooks
- Sold with T-style tag holder (alternative tag holders sold as accessories)

Instructional Tag

Informs customer this is a locked security device using the international "lock" symbol

Exceptional Mechanics

Housing accepts wire diameter ranges from 4mm to 6mm

Locking Front End

Can only be unlocked with patented OM Key. Unlocks quickly and easily.

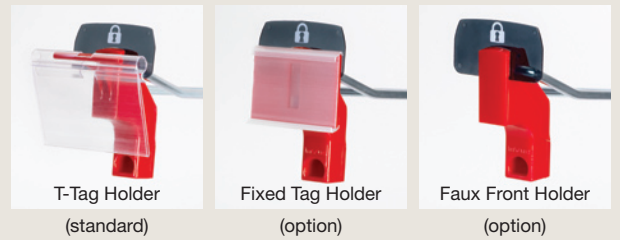

OM Key

The Orthogonal Magnet (OM) generates a perpendicular force that provides a more secure interface with the new Secure Fixtures socket and shuttle locking mechanism.

Three tag holder options available
