

CT311

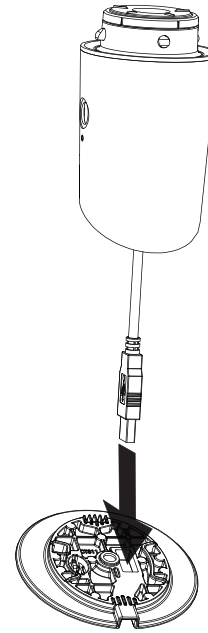

CT100 Adhesive Mount

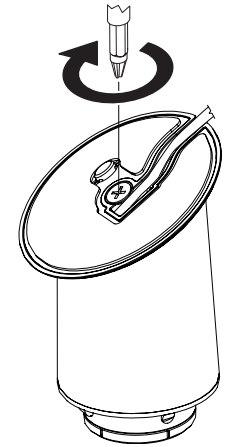

- 1 Remove tab to activate battery.

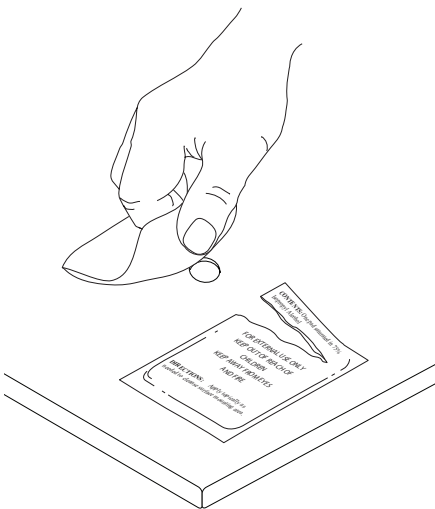

- 2 Slide stand cable through adhesive plate with adhesive side facing down.

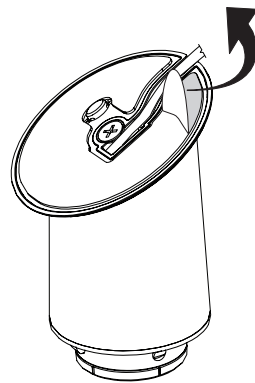

- 3 Confirm adhesive plate sits flush against bottom of stand. Fully tighten screw.

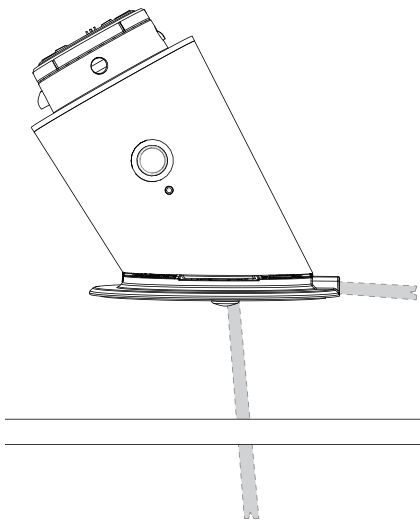

- 4 Wipe fixture with alcohol wipe provided. **Let it dry completely.**

- 5 Remove clear film from adhesive.

- 6 Slide cable through fixture or out through adhesive plate. Press firmly for 10 seconds.
