

OPTILOCK TAG

 Security: Standard  Detection Range: Standard

Secure your designer glasses and sunglasses with our simple, non-restrictive and non-obstructive optical tag whilst allowing customers to freely try them on.

Compact Security

The Optilock has the best balance between size and security, we have tested many eyewear security tags and the Optilock is by far the best we have ever come across.

Patented Lock

The patented locking method locks tighter to frames and adjusts to frame thicknesses up to 6mm. Optilock uses a propriety screw lock that will resist breakage when accidentally over-tightened.

Two Sizes

Available in two sizes for narrow optical frames and larger fashion frames. Use the small Optilock for frame arms up to 10mm wide and the medium for frames up to 18mm wide.
