

## CT200

Pedestal Base  
CTK1P005  
CTK1P006

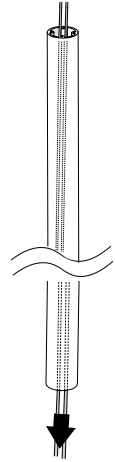

**Note:** Pedestal requires InVue extension cable PS414 for Apple product for use with Apple Power Supply. Apple products require use of Apple Power Supply. PS415 for Micro USB charging connectors requires the use of InVue Power Supply PS515.

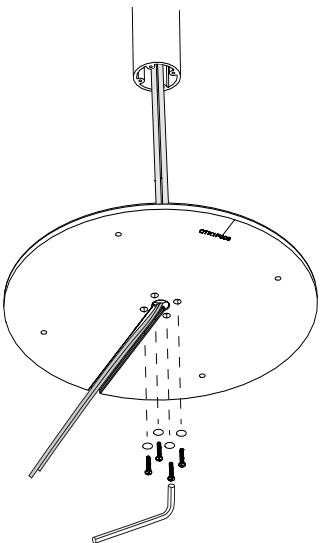

- 1 Tilt mechanism as shown to remove four M4 screws. Remove tilt mechanism from pedestal base.

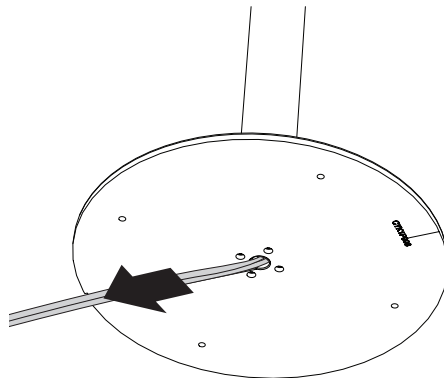

- 2 Feed InVue tablet extension cable and/or optional peripheral power supply through stand. If using optional InVue 5V USB power supply, feed that cable through also.

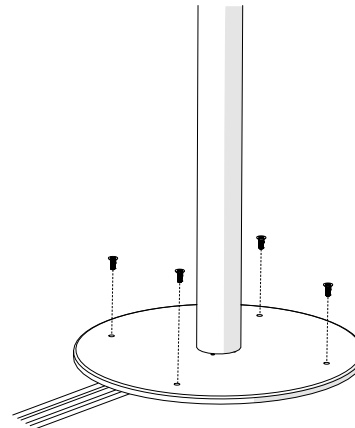

- 3 Using Allen wrench provided, attach post to base using four M5 screws and lock washers provided.

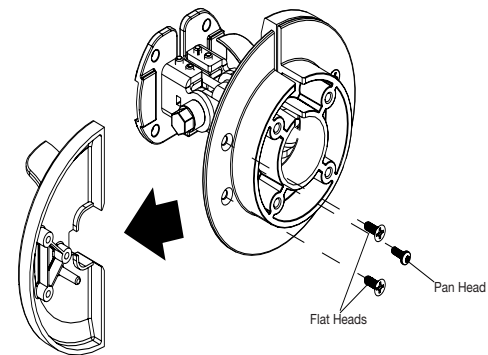

- 4 Route cables out of bottom of stand, ensuring that cable falls into channel as shown.

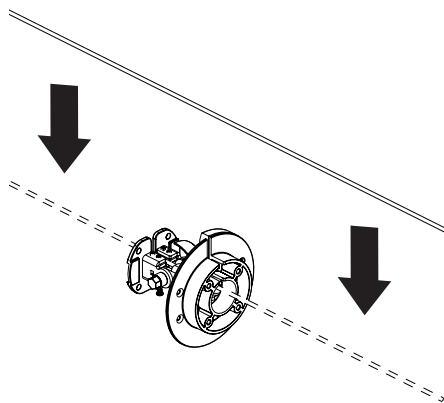

- 5 For additional stability InVue recommends mounting the base plate to floor using 4 screws (.25" (6mm) not supplied) that are appropriate for the floor type.

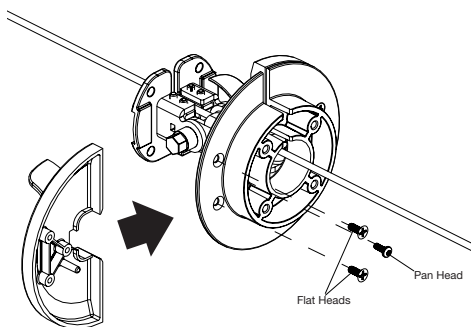

- 6 Remove screws as shown from tilt mechanism. Remove side cover.

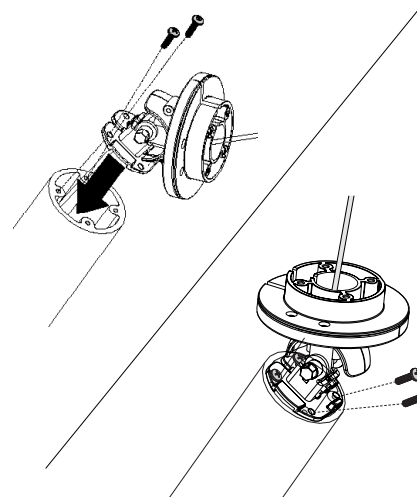

- 7** Place cables into slots in tilt mechanism as shown.

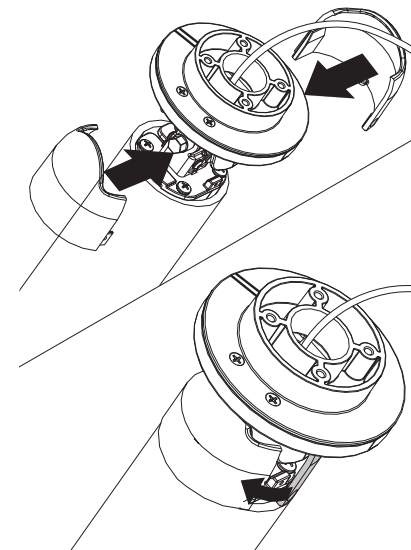

- 8** Assemble side cover on to tilt mechanism using 2 flat head screws and 1 pan head screw in positions as shown.

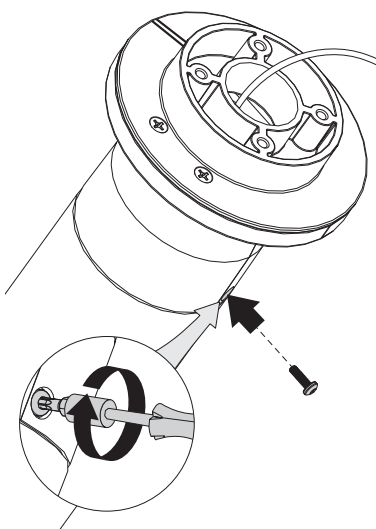

- 9** Align and attach stand tilt base to top of pedestal (Make sure the cable slot faces rear). Attach using Phillips screwdriver and four M4 screws provided. Tilt mechanism as shown to

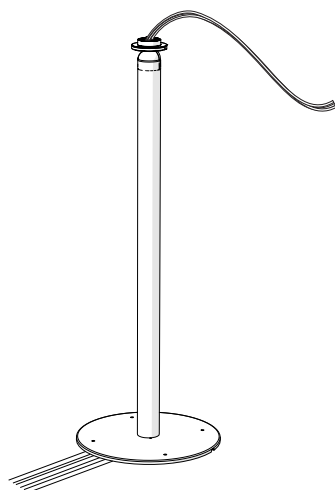

- 10** Look for the side covers labeled “Left Stand” and “Right Stand”. Install the Left Stand side cover and then rotate the Right Stand side cover into final position.

- 11** Install tilt housing cover with M2.5 screw using TT8 Pin Torx Bit. Be careful, do not overtighten.

- 12** Completed assembly should match image below.

Follow instructions on InVue tablet frame to mount tablet frame to pedestal.
