

## CT200

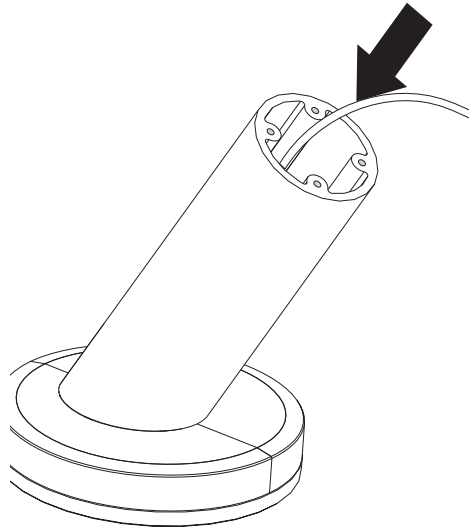

Stand Tilt Option  
CTK1P001

Any counter  
or wall  
mount

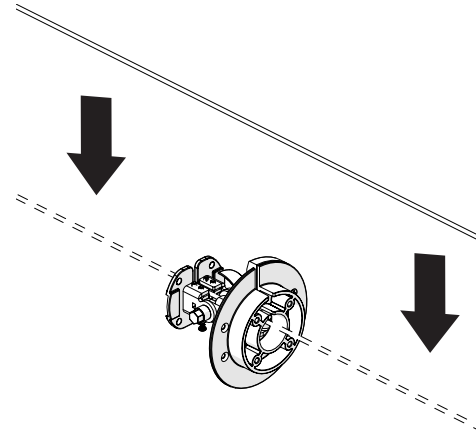

### Stand Tilt Option:

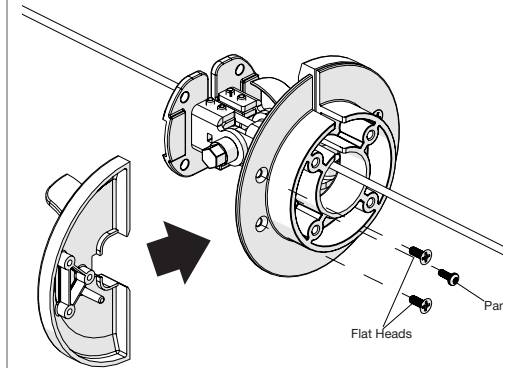

- 1 Route tablet power cable through stand if using 5V USB.

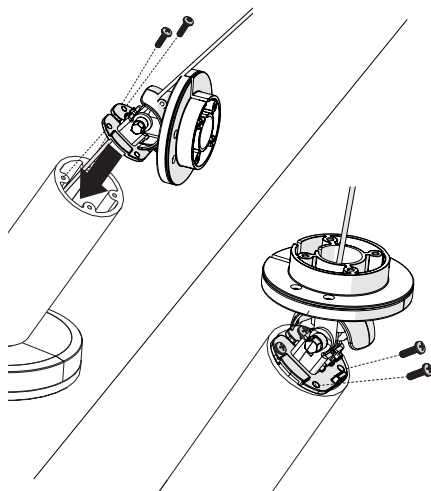

- 2 Place tablet power cable into slots in tilt mechanism as shown.

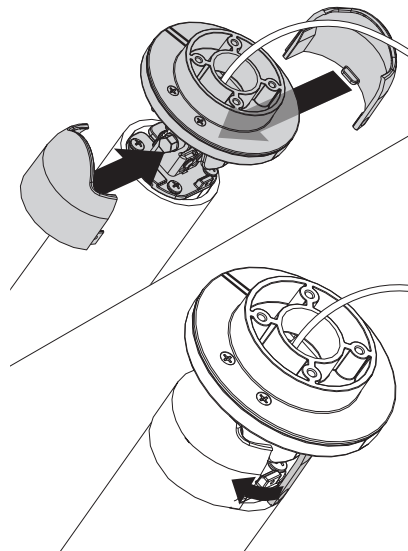

- 3 Assemble side cover on to tilt mechanism using 2 flat head screws and 1 pan head screw in positions as shown.

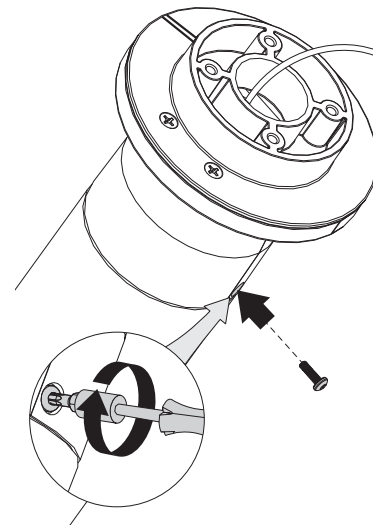

- 4 Align and attach stand tilt base to top of existing stand (Make sure the cable slot faces rear). Attach using Phillips screwdriver and four M4 screws provided. Tilt mechanism as shown to install screws.

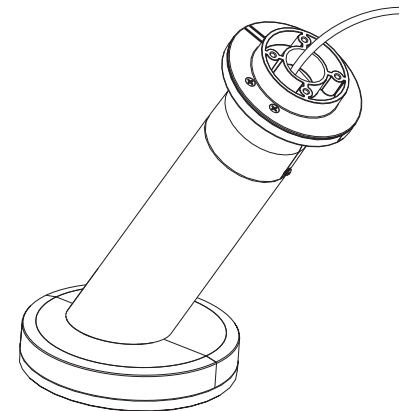

- 5 Look for the side covers labeled "Left Stand" and "Right Stand". Install the Left Stand side cover and then rotate the Right Stand side cover into final position.

- 6 Install tilt housing cover with M2.5 screw using TT8 Pin Torx Bit. Be careful, do not overtighten.

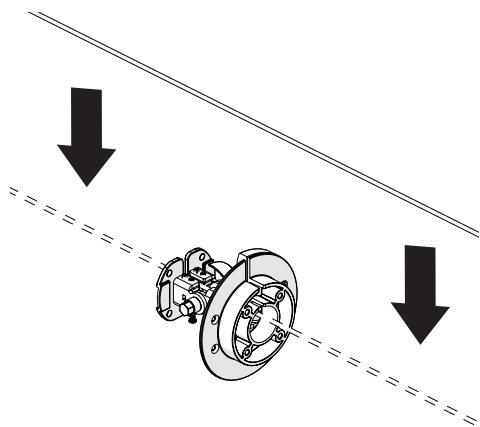

- 7 Completed assembly should match image shown below.

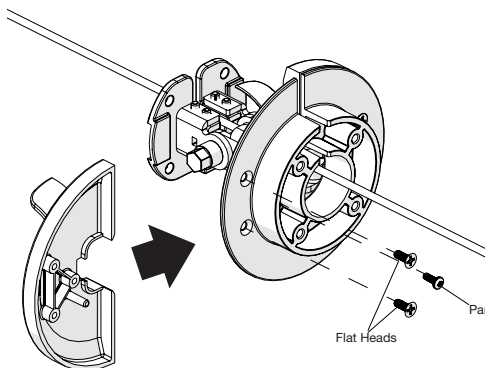

Follow instructions on InVue  
Tablet Frame to mount tablet  
frame to stand tilt.

## Wall Mount Tilt Option:

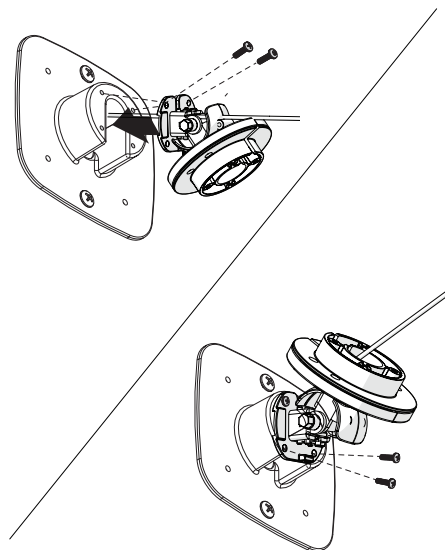

- 1 Place tablet power cable into slots in tilt mechanism as shown.

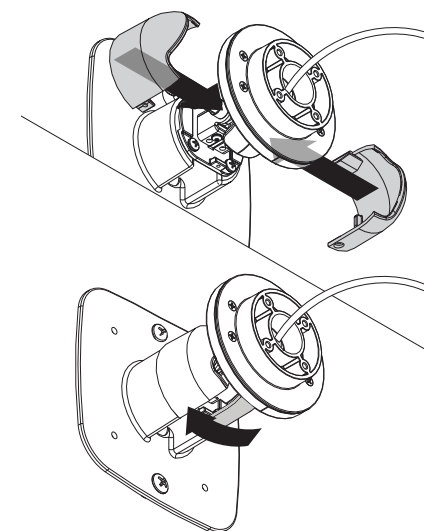

- 2 Assemble side cover on to tilt mechanism using 2 flat head screws and 1 pan head screw in positions as shown.

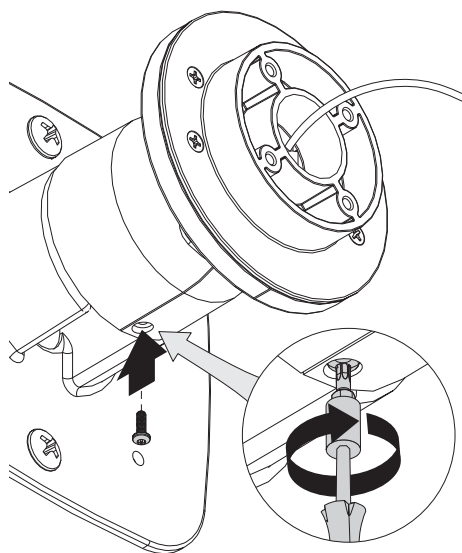

- 3 Attach tilt base to mounting plate using Phillips screwdriver and four M4 screws provided. Tilt mechanism as shown to install screws.

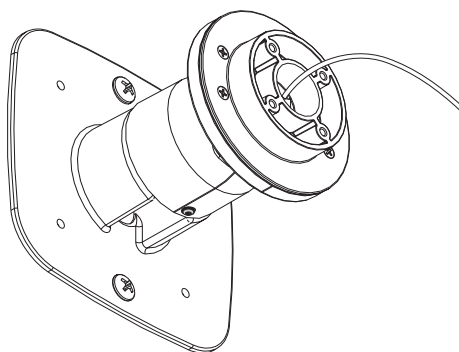

- 4 Look for the side covers labeled "Left Wall" and "Right Wall". Install the Left Wall side cover and then rotate the Right Wall side cover into final position.

- 5 Install tilt housing cover using M2.5 screw and TT8 Pin Torx Bit. Be careful, do not overtighten.

- 6 Completed assembly should match image below.

Follow instructions on InVue Tablet Frame to mount tablet frame to wall tilt.
