

# Clutch Tag

## Security tag

🔒 Security: Standard 📶 Detection Range: N/A

The clutch tag is the perfect companion for ink pins and is perfect as a dummy tag when used with a standard pin or ink pin. The clutch tag is a lock only and has no internal electronics so it will not alarm any EAS Security System.

### Ink Pin Ready

### Lock

Superlock Detacher is a powerful magnetic detacher. If you are unsure if your existing detachers will open this tag, give us a call or email us.
