

# BOSS Narrow Labels (AM 58 kHz)

High Security. Low Visibility.

Our **BOSS Narrow Labels** are our most discreet AM product labels yet—measuring just **6mm wide**, they're nearly half the size of standard 11mm labels, making them ideal for retailers seeking strong protection without compromising on aesthetics.

45% slimmer than our standard BOSS Labels

Designed without barcodes for a clean, **inconspicuous finish**, these labels blend seamlessly into packaging and products. They offer reliable **58kHz AM protection** and are available in both **black or white** to suit a wide range of merchandise and store environments.

## Compatibility

Our BOSS Security Labels are compatible with all Sensormatic, Vitag and all other AM detection systems and security label deactivators.

## Inconspicuous

Perfect for cosmetics, electronics, and high-end retail where discretion matters.
