

Clutch Tag

Smart, Flexible Protection for Retail Merchandise

Security: Standard

Detection Range: N/A

The **Clutch Tag**, part of the Vitag security range, offers a **robust anti-theft solution for clothing and retail merchandise**. Designed as a lock-only “dummy tag,” it works seamlessly with both standard and ink pins, giving retailers flexibility across different merchandise types. Its lightweight, Ø 27 mm / 4.2 g form factor is discreet and well-suited to **apparel, accessories and other items** where bulkier tags may impact presentation.

Flexible & versatile: Effortlessly switches between standard pin and ink-pin configurations depending on merchandise value and store policy.

Cost-effective: Durable, reusable and simple to reuse – minimising ongoing tag purchase costs.

Discreet presentation: Slim, light design ensures products look polished and retail-ready – essential for fashion, accessories, and high-end goods.

Trusted protection: As part of Vitag’s comprehensive security tag range, the Clutch Tag supports in-store shrink reduction and theft deterrence.

The tag is **fully reusable** – simply unlock it at point of sale with a compatible detacher and reapply it to new items, supporting **long-term cost efficiency and easy stock handling**. When paired with our BossInk Pins, the Clutch Tag also provides benefit-denial protection, ensuring garments cannot be removed without triggering ink release if tampered with improperly.
